## EDUCATION

---

UNIVERSITY OF SOUTH FLORIDA | BACHELORS IN DATA SCIENCE Estimated July 2026  
VALENCIA COLLEGE | ASSOCIATES OF ARTS December 2024  
UNIVERSITY OF CENTRAL FLORIDA | FULL-STACK CODING BOOTCAMP March 2023

## PROFESSIONAL EXPERIENCE

---

**CAMPAIGN ANALYST** | Campus Crusade July 2025 - Present  
Maitland, FL

- Led a data-migration project by coordinating requirements and timelines with business analysts and data engineers.
- Supported ministries by preparing direct-mail and digital-marketing target lists sourced from Power BI datasets.
- Translated business needs into clear technical specifications to guide development and integration work.
- Extracted, cleaned, and validated data to ensure accuracy for segmentation and campaign execution.
- Built and deployed marketing campaigns within the organization's CRM, including audience setup and scheduling.
- Collaborated with cross-functional teams to optimize workflows and improve campaign performance.

**WEB DESIGNER / MARKETING** | Flow Pros Plumbing July 2024 - June 2025  
Maitland, FL

- Edit the company website using custom code and Wordpress.
- Run SEO reports for the website to ensure traffic and ads are running efficiently.
- Upload and manage social media to create company identity and build social media presence.
- Attend weekly meetings with marketing teams to discuss directions and goals for the company.

**MATH TUTOR** | Valencia College December 2023 - July 2024  
Orlando, FL

- Assisted students with various math topics and classes
- Monitored and tracked student progress, adjusting tutoring methods as necessary to optimize learning outcomes

**ENTERPRISE TECH SUPPORT** | Spectrum July 2021 - October 2022  
Maitland, FL

- Redesigned the tech support troubleshooting process (which is still in use today)
- Provided tech support for wide area networks (WAN), local area networks (LAN), fiber optics, and voice technologies
- Resolved 20 - 30 customer calls daily for network outages and impairments
- Created tickets, resolved outages, and managed multiple networking teams to ensure SLA's were met

**SYSTEMS ANALYST** | Loxley Services September 2020 - May 2021  
Gainesville, FL

- Assigned hardware leadership role for the IT department
- Diagrammed subnetting projects on Visio, configured VoIP systems, built (2) full network racks, installed hardware peripherals and patch panel wiring
- Monitored and maintained Ubiquiti APs and switches
- Trained technicians to install and maintain on-site hardware
